

## Property & Casualty Global Solutions

Partnering with you as you  
expand worldwide.

Your company is growing – and it's time to think about comprehensive and compliant global coverage abroad.

Through our partnership with the Worldwide Broker Network (WBN), we bring presence in over 100 countries on 6 continents. ABD supports you as your risk management partner, offering preferred broker resources to assess your risks and meet your needs around the world.

## ABD Advantage

Going global is a sign of success, but also involves numerous moving pieces. At ABD, we understand this and are dedicated to making the insurance purchase process seamless for you. We use our expertise in the International Insurance market to guide you through this piece of the puzzle as you expand.

### Insightful Risk Management

Whether you're a multinational company, or are just starting to send your employees to international conferences, we're here to guide you through the complex world of international insurance. We'll ensure you have best in class coverage for your unique risks.

### Worry-Free Compliance

Local jurisdictions have their own specific insurance regulations, with their own native terms and conditions. We combine our focused expertise with our network partners to ensure your insurance coverage is legally compliant – giving you 24/7 peace of mind knowing that your assets are properly insured, no matter where they are.

### Custom Strategy and Program Design

As you expand, we specialize in a program design tailored for your needs. We evaluate what is usual and customary in terms of international contract requirements, and we make sure that the appropriate coverage is secured for your international risks at all times.

### Deep Relationships

Our focus on building relationships with carriers and partners means better terms for you. We provide broad access to the international insurance marketplace, and work to find you the best coverage at competitive rates. We also offer valuable benchmarking and comparisons to guide the decision-making process.
